

## GET RIGHT BACK ON IT

This Sunday, **Dark Horse** makes a second triumphant return as O. C. McCuin & Sons presents the *Summer Sounds* concert in Highgate Municipal Park on Sunday evening at 7 p.m.

This concert is our second try, making the headline that much more appropriate, this season. The deluge drowned out our August 14th concert.

Dark Horse is a five-piece country band with two guitars, bass, drums, and keyboards for a mix of six string lead, double lead, rhythm, slide, and acoustic twelve string, keyboards and Hammond organs, grand pianos, and more. All five members sing lead and the band is unique in its complex, five part harmony.

This band has classically trained musicians with Berkeley School of Music graduate Bob Berger of Swanton, lead guitar and vocals; Missisquoi Slim, piano and organs; Bob Corbiere, bass and vocals; Ken Schofield, drums and vocals; and the Dark Horse (or the Walrus, koo koo ka choo), Rick Leggett, acoustic and electric guitar, slide, lead, and rhythm, sings lead on many of the ballads.

Just before the concert, stop by for the Foster Grandparents-*Summer Sounds* Social in the Park starting at 6 p.m. The social hour is a chance to visit with friends and enjoy an ice cream sundae or two on a summer night.

The Summer Sounds concerts are sponsored by the Town of Highgate and the All Arts Council, and underwritten by Chevalier Drilling, Drummac Septic Service, O. C. McCuin and Sons, and Ray's Extrusion Dies and Tubing.

The community based All Arts Council brings the performing arts to northwestern Vermont. The concerts are always on Sunday evenings, always at 7 p.m., always in Highgate Municipal Park, and always free. Bring a blanket or a lawn chair as you settle in to enjoy outdoor family music and festivities. The rain site is the Highgate Arena.
